

IVERIFY LAUNCHES NEW CHANNEL PARTNER PROGRAM WITH SELECT HONEYWELL CSS DEALERS

Iverify Selects Charlotte-Based CRS Building Automation Systems, Inc. as Channel Partner

CHARLOTTE, N.C., August 10, 2009 – Iverify announced today it has selected Charlotte, N.C.-based CRS Building Automation Systems, Inc. as an exclusive Channel Partner in the state of North Carolina. This strategic partnership enables CRS to now offer their clients access to Iverify’s innovative protection services. Iverify’s breakthrough surveillance technologies put virtual eyes, ears and voice commands in every corner of a business and can be tailored to specific security needs including robbery, burglary, shrink, perimeter protection and guard replacement.

“At CRS, our philosophy is ‘strive to be impeccable,’ and for more than 20 years we have been committed to providing our customers with the best products and services the market has to offer,” said CRS President and Director of Field Operations, Phillip “Skip” Cashion, Jr. “Becoming a Channel Partner with Iverify will provide us the necessary resources to be the most technologically advanced integrator in building protection and give our customers the peace of mind they deserve.”

“CRS is a best-in-class integrator with invaluable security experience in varied industries,” said Kenny Kahn, Chief Strategic Officer at Iverify. “Their capabilities combined with Iverify’s state-of-the-art audio and video security monitoring solutions brings an accessible and comprehensive approach to security in the Charlotte area.”

-more-

CRS is a full service integrator that provides building protection and life safety systems in more than 1,500 commercial, industrial, medical and institutional facilities in the Charlotte metropolitan area. CRS offers fire alarm, security, access control, CCTV, intelligent building integration, lighting control and multimedia products and services. The company serves a diverse range of customers with varying life safety needs, including Davidson College, Northlake Mall, Daimler Trucks and Lowes Motor Speedway. Current and recently completed projects include Morehead Medical Plaza II, Scott Clark Toyota, The Aloft Hotel in Ballantyne and the new Charlotte-area Ikea superstore.

CRS provides fully integrated systems and works with everyone from the contractors to the property managers and end users. In April, CRS was recognized at ISC West as one of three finalists for the national 'Integrated Installation of the Year' award for its work at Ballantyne Corporate Park. Additionally, Vice President and CEO, Darryl Roy, was recently recognized by local media as a Charlotte-area "Mover and Shaker" for the company's new initiatives in the life safety industry. Roy was also a finalist for the prestigious "Entrepreneur of the Year" award in the Technology category in February.

Iverify is expanding by joining forces with several security firms throughout the Southeast. Through a comprehensive review process, Iverify has hand-picked several Authorized Honeywell CSS Dealers for the launch of their exclusive Channel Partner Program. Iverify's Channel Partner Program leverages Iverify's security knowledge, technology and resources with the industry's most experienced professionals and best-in-class Honeywell products.

About Iverify

Iverify is an innovative security company that lives and breathes the protection of people so that they have safe places to shop and work. From its state-of-the-art audio and video monitoring center, called The “T”, Iverify uses breakthrough surveillance technologies that put virtual eyes, ears and voice commands in every corner of a business. Specially-trained Protection Specialists actively monitor local, regional and national locations to reduce loss from internal theft, shoplifting and robbery, creating more secure environments, happier, more productive employees, and stronger, more profitable businesses.
